Talal Abu-Ghazaleh University College of Business Administration (TAG-UCB) was established in 2012 with the aim of developing a cadre of future business leaders who can compete and succeed in a world of expanding knowledge and challenging economies.

Our commitment to our students, academic excellence and regional development is reflected in our motto “Where the Gifted Become Leaders“.

TAG-UCB offers a Bachelor Degree in Business Administration - BBA, with concentration in International Accounting, Logistics, Management, Human Resource Management, Marketing, E-Business and Entrepreneurship, Banking and Finance and Islamic Banking and Finance. The College also offers a two-year Diploma in Business Administration.

TAG-UCB conducts its first Open Day of the year

TAG-UCB conducted an Open Day on May 11th, 2017, which encouraged students, parents and employees to explore the campus whilst also interacting with the faculty members and students at the university.

Faculty Members helped the prospective students to examine their various options from the list of concentrations that include Marketing, E-business and Entrepreneurship, Management, Human Resource Management, International Accounting, Islamic Banking and Finance, Banking and Finance, and Logistics. Scholarships were offered to those students who registered during the Open Day. Current students and alumni shared their experiences at the university with prospective students.

Following the success of the Open Day event, the University will conduct its next Open Day during the month of July 2017.

Field Training Project Presentations Conducted By Students

At The TAG-UCB, Field Training is considered a great resource for students, by exposing them to the industry. Students who complete 90 credit hours have the opportunity to train at organizations of their choice.

The Final Presentations were conducted on May 11th, 2017 at the TAG Knowledge Forum and were graced by students and parents who appreciated the students' efforts during their training.

The presentations helped panel members objectively grade the experience and knowledge gained by the students during their training. The presentations included a brief on the students' work, the organization they worked for as well as the positives and negatives of their experience as trainees.
